[An Autonomous Institute of Govt. of Maharashtra, Permanently Affiliated to Savitribai Phule  
Pune University]

**Shivajinagar, Pune- 411 005 Maharashtra State, India**

## **Preamble**

Established in 1854, College of Engineering Pune (COEP) is the THIRD Oldest Engineering Institute in the country. The campus which stands for history of Technical Education in the country, has produced towering alumni, including none other than Bharatratna Sir. M. Visvesvaraya, contributing to the mankind from across all corners of the Globe. Being forerunner in Technical Education, persistently in pursuit of excellence and with its profound footprint on national and international map, COEP was granted FULL AUTONOMY by the UGC, Savitribai Phule Pune University (SPPU) and the State Government of Maharashtra in the year 2003-04. The status is reviewed every six years by these concerned regulatory authorities, and the autonomous status has been continued till year 2022. All eligible UG and PG Programmes at COEP have been accredited with laurels by the National Board of Accreditation, multiple times. COEP is consistently ranked among top 50 Institutes in the country by various reputed surveys including the NIRF.

Post Autonomy, COEP emphatically decided to focus on PG and Research Education, thereby expanding on the number of PG Programmes being offered and enrollment of research candidates for Ph.D Programmes across various Engineering disciplines and domains. As a result of sound research base and outcome-oriented research activities, in particular, in last decade, extensive infrastructural facilities in the research laboratories and Centers have been developed.

## **Ph.D Programmes at COEP**

Institute offers Ph.D Programmes, affiliated to Savitribai Phule Pune University (SPPU), in a wide range of areas in Engineering, Technology and Environmental Sciences. The broad objective of the Ph.D Programme is to keep pace with the ever-expanding frontiers of knowledge in Sciences and Technology culminating into the contemporary social and economic objectives of the country.

The academic Programme leading to Ph.D degree is broad based and involves a minimum course credit requirement and research thesis. The Institute also encourages research in interdisciplinary areas through a system of joint supervision and interdepartmental group

activities. The presence of a strong research-oriented faculty provides excellent opportunities for such Programme. The Institute undertakes sponsored research and development projects from Govt. funding agencies, Research organizations and laboratories, Public/Private sector industries and Corporate.

Facilities for research work leading to Ph.D degree are currently available in the Departments of Civil Engineering, Computer Engineering, Electrical Engineering, Electronics and Telecommunication Engineering, Instrumentation and Control Engineering, Mechanical Engineering, Metallurgical Engineering, Manufacturing Engineering and Industrial Management, Chemistry and Environmental Sciences.

### **Autonomous Ph.D Programmes: A New Beginning**

Latest UGC Regulations for Autonomous Institutes, released in February 2018, have empowered the Autonomous campuses to conceive and establish their own independent Ph.D Programmes. Government of Maharashtra has subsequently released the relevant addendum for Autonomous Colleges as statutes in the Maharashtra Universities Act-2016, in January 2019, endorsing such empowerment towards true and complete Academic Autonomy. Leveraging on such statutory permission by the regulatory authorities, COEP has decided to start its own "**Autonomous Ph.D Programmes**" in various domains Science, Engineering, Technology and Humanities. The Institute envisages establishing the liberalized research Programmes, leading to Ph.D degree, in all areas of Engineering and Technology in its existing Engineering departments, Mathematics, Physics, Chemistry and Social Sciences & Humanities.
